

MINIJOBBER IN THE AFTERNOON PROGRAM

Primary School

Phorms Education is a future-oriented employer in the field of education. Since 2006, Phorms has enriched the educational landscape in Germany with a concept based on sophisticated bilingual (German-English) education, qualified all-day care and individual support. The Phorms network currently includes ten daycare centers, eight primary schools, six secondary schools, as well as the Heidelberg International School. Children, parents and our employees value our facilities not only as a place to learn, but as an integral part of the local community. To this end, we work together closely and in a spirit of trust and are constantly developing ourselves and our organization.
